- Please understand that these figures are only an estimate. The totals at the bottom of each column are assuming that you will not need to the “if needed” items.

- When you move from Freshmen to JV and from JV to Varsity, you must purchase a new Blue Uniform. You do have the option of selling your old blue uniform to an upcoming squad member for \$25 skirt and \$50 shell.
- All Squads will be purchasing new windsuits as we have chosen a different style for this year.
- We are asking that you purchase 2 pairs of cheer shoes as the girls are very active and they wear out before the end of the year.
- There is a required practice uniform. This cost is not included as that fee will depend on how many sets you purchase.
- If your child tries out and is chosen for the competition squad, there will be additional fees of approximately \$1250. This cost covers regional competitions and a trip to Nationals in Florida. Fundraising will be available to offset this cost. Additionally, there is a payment plan and plenty of saving/summer job time.
